LLOYD'S REGISTER OF SHIPPING

LONDON

G. BAYLEY.

1872.

LLOYD'S REGISTER

OF

BRITISH AND FOREIGN SHIPPING.

ESTABLISHED 1834.

Notice.

From the number of alterations and additions constantly returned to this Office, it is necessary that the Register Books should be posted every week; it is therefore requested that Subscribers in London will be particular in sending their Books to this Office for that purpose.

Supplements will be sent, as heretofore, to Subscribers in the Country and those resident abroad.

Parties discovering any errors, are requested to communicate the same to the Secretary, in order that immediate notice may be taken thereof.

It is particularly requested that Subscribers leaving town will direct their Books to be sent to the Office, where they will be kept regularly posted during their absence.

As all vessels are required to be Surveyed periodically, annually if practicable, the *date of Survey* is the criterion of their state of efficiency at that time only.

By order of the Committee,

GEORGE B. SEYFANG,

Secretary.

London, 1*st July*, 1872,
2, *White Lion Court, Cornhill.*

N.B.—The Subscription to be paid on delivery of the Book.

KEY TO THE REGISTER.

The Stores of Vessels are designated by the Figures 1 and 2:—

1. Signifying that the Vessel is well and sufficiently found.
2. That she is deficient in either quantity or quality.

Vessels RESTORED to, or CONTINUED on the Character A, will have the number of Years for which they are Restored or Continued, with the name of the Port of Survey, inserted separately under the number originally assigned, in the Eleventh Column; thus—Rest. Lon. 70–5 yrs, or Cont. Liv. 70–3 yrs. Where the term in the case of continuation has expired, the Letter "C" only will be placed before the figure denoting the number of Years for which Continuation had been allowed.

The Port where a vessel has been either Specially Surveyed, Continued, or Restored, is mentioned in the same column as the fact and date of such Special Surveys.

British North American built vessels, opened as required by the Rules, Section 63, will be marked in the Register "S.S." with the number of years that may elapse before they are again opened, and the year of survey; thus—"S.S.Cly.70–4yrs—"

Vessels marked "S.S." with a date, *in red*, denote that they have been surveyed at that time in accordance with the *second Clause* of the Rules, Section 60; thus—"S.S.Sld.70–5yrs" (in red ink).

The mark [*B.S.*] denotes that the vessel is classed subject to *Biennial Survey*. The mark [*Expl. B.S.*] denotes that the vessel is built *Experimentally*, and classed subject to *Biennial Survey*. (*See* Section 31.)

The mark *t.s.* with a date, denotes that the vessel has been submitted to Triennial Survey as prescribed by Rules for Iron Ships, thus, *t.s.*69. (*See* page 83).

The marks *s.s.*Nwc.*No.*1–70 — *s.s.*Hul.*No.*2–70 — *s.s.*Lon.*No.*3–70 denote that the vessels have been submitted to periodical surveys, as prescribed by Rules for Iron Ships, pages 49 and 81.

The figures in the Eleventh column, to vessels in the Æ class, imply that they were originally classed A, for that number of Years. The cipher 0 in this Column indicates that (from inferior construction) there were NO "number of Years first assigned."

The broad A signifies that the Vessel is built of Iron.

The note * prefixed to A, thus—*A, signifies that the Vessel has been built with heavier plating than the Rules *now* require.

Ships built under Special Survey will be shown by a Cross, thus ✠. (*See* Section 28.)

KEY TO THE REGISTER—*continued.*

In the Twelfth Column.

The character A denotes New Ships, or ships Continued, or Restored. (*Vide* Sections 34, and 54 to 59 of the Rules.)

The character A, in Red, denotes ships which have passed the period assigned on the original Survey, or Continuation, or Restoration, and ships, not having had an original character, provided they are found on survey of superior description, fit for the conveyance of dry and perishable goods, *to and from all parts of the world.* (*Vide* Section 60 of the Rules.)

The character Æ denotes ships which have been found on Survey fit for the safe conveyance of dry and perishable goods on *shorter voyages.* (*Vide* Section 61 of the Rules.)

The character E denotes ships which have been found on Survey fit for the conveyance of cargoes not in their nature subject to sea damage *on any voyage.* (*Vide* Section 64 of the Rules.)

The character I denotes ships which have been found fit to carry cargoes not liable to sea damage on *shorter voyages.* (*Vide* Section 66 of the Rules.)

FOREIGN BUILT SHIPS.—CLASSES F. (*Vide* page 39 of the Rules.)

The character 1 **F** denotes ships which have been found on survey to be of a superior description, fit for the conveyance of dry and perishable goods to and from all parts of the world.

The character 2 **F** denotes ships which, although not equal to the foregoing, have nevertheless been found on survey to be in a good and efficient condition, and fit for the conveyance of dry and perishable goods, on shorter voyages.

The character 3 **F** denotes ships which have been found on survey fit for the conveyance of cargoes not in their nature subject to sea damage.

The Figures under the Character denote the date when the Vessel was last surveyed.

When printed in Red (except in the case of Vessels classed A 1 *in Red), they indicate that the survey has reference to the Stores only.*

When a black line appears with a date under it in the twelfth column, thus $\frac{}{2,70}$ it indicates that, at the date stated, the Vessel, either from defect or non-compliance with the Rules, was not entitled to a Character in the Register Book.
